

LEGACY

IMPACT REPORT 2016

Our vision as a church is to reach the lost, make disciples and care for the poor

God sent Jesus to seek and save the lost. As the body of Christ we continue that work today. We exist to reach out to the lost and reconcile people to God through Jesus Christ.

Jesus commissioned his church to make disciples by baptising people and teaching them to obey everything he commanded. Our vision is to equip and empower fully-committed followers of Christ to impact the world with God's love and power.

God's compassion compels us to care for the poor and broken. We are united to ensure that no one in our city is going without the basics of food, clothing and shelter and to restoring broken lives.
